UGITECH

Providing special steel solutions

Ugitech wire drawing plants

Quality and innovation at the service of their customers

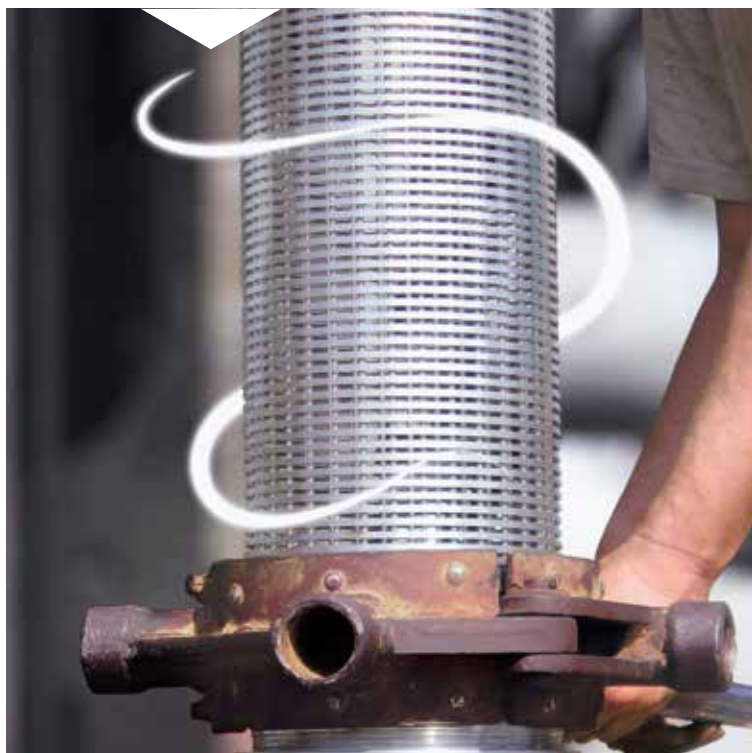

Ugitech, a subsidiary of SCHMOLZ + BICKENBACH, has become the leader in the stainless steel long products market. Recognised world-wide for the quality of their products, the Ugitech wire drawing plants manufacture and market a complete range of cold-drawn wire in over 100 grades, from the

most common stainless steel to refractory and corrosion resistant alloys. The Ugitech wire drawing plants guarantee a sustainable relationship in your local area through their many production sites and SCHMOLZ + BICKENBACH international distribution network.
